

Home Renovations by “You Dream It We Build It”

I have recently had 2 major renovations completed by Sean/Stan and crew in my home. The first project in 2007, included an extensive rebuild /upgrade to 3 bathrooms, tile work/painting in a kitchen and laminate staircase. The second project in 2008 involved the building of a deck extension to an existing deck and basement renovations (laminate flooring). My family and I were very pleased with the quality of work completed. Sean and his crew provided great support to work around our schedules, manage changes to work scopes and even help in our dog care issues on occasion. All work was completed in a timely professional manner. Sean and crew were always very easy to deal with. If any problems arose after the jobs were completed, Sean/Stan always honoured their workmanship guarantee.

Sean/Stan were also a valuable asset in providing solutions to problems that arose on these reno projects. Their knowledge and vast support network allows them to provide the customer many options to desired plans and to make timely changes as required. I have recommended the services of **“You Dream it We Build it”** to various friends and neighbours. All were satisfied with the quality work provided. We are currently enjoying our renovated home and the great improvements made by **“You Dream it We Build it”** and would not hesitate to call again.
